C/o Neuro Revenue Solutions

Dear Joshua,

I would like to thank you for your excellent service and comprehensive knowledge about my practice. I require very specialized coding for the procedures that I perform and feel that your knowledge base is above and beyond my expectations for a billing service. The meetings to review coding, my dictation and carrier reimbursements have been essential to my understanding of what specific areas of surgery generate revenue for my practice.

I thank you for your specialization and helping make my practice what it is today!

Sincerely,

William R. Dobkin, M.D
